

IDONGESIT UNYAH

Frontend Developer | React | TypeScript | UI/UX

Lagos, Nigeria | 08151529916 | eidongesitunyah@gmail.com
Portfolio: leetech-portfolio.vercel.app | GitHub: github.com/leetech-code

PROFESSIONAL SUMMARY

Frontend Developer with practical experience building responsive, interactive and user-focused web applications using HTML, CSS, JavaScript, React and TypeScript. Experienced in reusable components, responsive interfaces, navigation systems, interactive features and modern frontend architecture.

Completed a frontend development internship with CodeAlpha, building an image gallery, personal portfolio and calculator using HTML, CSS and JavaScript. Trained in graphic design and programming, combining technical development skills with a strong visual-design background. Currently expanding into full-stack development with Node.js, Express, REST APIs, PostgreSQL and Prisma.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), TypeScript, React, React Router, Tailwind CSS, Bootstrap, Responsive Web Design, Component-Based Architecture, State Management, REST API Integration
Backend	Node.js, Express.js, REST APIs, PostgreSQL, Prisma ORM, Database Design, Authentication Concepts, API Architecture
Tools	Git, GitHub, VS Code, Vite, npm, Chrome DevTools, Figma
Design	Adobe Photoshop, Adobe Illustrator, CorelDRAW, Figma, Graphic Design, UI/UX Design, Visual Design, Design-to-Code Implementation

PROFESSIONAL EXPERIENCE

CodeAlpha — Frontend Development Intern

- Completed a practical frontend development internship focused on responsive and interactive web applications.
- Built an interactive Image Gallery using HTML, CSS and JavaScript.
- Designed and developed a responsive Personal Portfolio Website using HTML, CSS and JavaScript.
- Developed a functional Calculator Application using HTML, CSS and JavaScript.
- Applied JavaScript to implement interactive functionality and user interactions.
- Practiced responsive design and cross-device compatibility.
- Used Git and GitHub as part of the development workflow.

Technologies: HTML5, CSS3, JavaScript, Git, GitHub

SELECTED PROJECTS

Leetech Portfolio — Frontend Developer

- Designed and developed a responsive personal portfolio using HTML, CSS and JavaScript.
- Implemented responsive navigation, mobile menu interactions and light/dark theme functionality.
- Created project showcase sections and focused on clean, responsive UI.
- Deployed the project using Vercel.

Technologies: HTML, CSS, JavaScript, Git, GitHub, Vercel | **Live:** leetech-portfolio.vercel.app

Aurel Fashion Store — Frontend Developer

- Designed and developed a modern responsive e-commerce website template.
- Built reusable product and UI components and structured the application for customization and reuse.
- Implemented responsive layouts and a polished commercial interface suitable for client projects.

Technologies: React, TypeScript, JavaScript, CSS

SELECTED PROJECTS — CONTINUED

Leetech Small Business Manager — Full-Stack Development Project

- Developing a SaaS application designed to help small businesses manage business operations.
- Building the frontend with React and TypeScript and developing reusable dashboard components.
- Building REST API endpoints for frontend-backend communication.
- Working with PostgreSQL for persistent data storage and Prisma ORM for database access and migrations.
- Exploring authentication and user-management architecture.
- Structuring the application using a frontend → API → database architecture.

Technologies: React, TypeScript, Node.js, Express, PostgreSQL, Prisma, REST APIs

EventTrakka / Kiateka — Frontend Developer

- Developed responsive interfaces using React and TypeScript.
- Built reusable UI components and page layouts.
- Implemented client-side navigation using React Router.
- Added persistent light/dark theme functionality.
- Created event cards, community sections and responsive layouts.
- Used Tailwind CSS and reusable component patterns for maintainable frontend development.

Technologies: React, TypeScript, Tailwind CSS, React Router, Zustand, Vite

DESIGN EXPERIENCE

- Completed practical ICT training focused on graphic design and digital design.
- Experienced with Adobe Photoshop, Illustrator and CorelDRAW.
- Designed digital graphics, promotional materials and visual assets.
- Experienced with Figma for interface design and prototyping.
- Combine visual design principles with frontend development to create polished digital experiences.

EDUCATION & PROFESSIONAL TRAINING

BrainBench Academy — Programming Training

Completed: January 15, 2025

New Horizons IT Training Institution — Graphic Design & ICT Training

Completed: April 11, 2024

Continuous Professional Development — Self-Directed Web Development

Ongoing project-based learning progressing from HTML, CSS and JavaScript into React, TypeScript, APIs, databases and backend development.

CORE STRENGTHS

Frontend Development • React Development • JavaScript & TypeScript • Responsive Web Design • UI/UX Implementation • Component-Based Development • Problem Solving • Graphic Design • Visual Communication • Attention to Detail • Continuous Learning • Self-Directed Development
